Engineering the Future of Water

# About Our Company

Hydro Access Water (HAW) is a Saudi Arabian engineering company to provide comprehensive Total Water Solutions for municipal, industrial, commercial, and infrastructure sectors.

We specialize in the design, engineering, procurement, construction, commissioning, operation, and maintenance of advanced water, wastewater, and desalination systems. Our integrated approach enables us to deliver reliable, efficient, and sustainable solutions tailored to the unique requirements of every client.

At Hydro Access Water, we combine engineering excellence, innovative technologies, and international best practices to develop high-performance water treatment systems that maximize operational efficiency while minimizing environmental impact.

Driven by quality, integrity, and innovation, HAW is committed to supporting Saudi Arabia's growing water infrastructure and contributing to the sustainability goals of Saudi Vision 2030.

## Vision

To become one of the leading water engineering companies in the Kingdom of Saudi Arabia and the GCC, recognized for delivering innovative, sustainable, and world-class water solutions that improve communities, protect the environment, and create lasting value for our clients.

## Mission

Our mission is to deliver reliable, cost-effective, and sustainable water solutions through advanced engineering, innovative technologies, and exceptional customer service.

We are committed to:

- Delivering high-quality turnkey water and wastewater treatment solutions.
- Providing innovative technologies that improve efficiency and sustainability.
- Building long-term partnerships based on trust, integrity, and performance.
- Ensuring projects are completed safely, on time, and within budget.
- Supporting environmental sustainability through responsible water management.
- Contributing to Saudi Vision 2030 by strengthening the Kingdom's water infrastructure and industrial development.

## Products

Hydro Access Water (HAW) delivers comprehensive Total Water Solutions by providing advanced water treatment products, engineered systems, and turnkey services. Our solutions are designed to meet the needs of municipal, industrial, commercial, and infrastructure projects while ensuring efficiency, reliability, and environmental sustainability.

### Water Treatment Systems

- Reverse Osmosis (RO) Systems
- Ultrafiltration (UF) Systems
- Nanofiltration (NF) Systems
- Water Softening Systems
- Demineralization (DM) Plants
- Multimedia & Activated Carbon Filters

### Desalination Solutions

- Seawater Reverse Osmosis (SWRO) Plants
- Brackish Water Reverse Osmosis (BWRO) Plants
- Containerized Desalination Units
- Mobile Water Treatment Systems

### Wastewater Treatment

- Sewage Treatment Plants (STP)
- Industrial Effluent Treatment Plants (ETP)
- Membrane Bioreactor (MBR) Systems
- Moving Bed Biofilm Reactor (MBBR) Systems
- Package Wastewater Treatment Plants

# Products and Services

# Company Values

## Integrity

We conduct our business with honesty, transparency, and accountability, building lasting relationships based on trust and mutual respect.

## Customer Commitment

Our customers are at the heart of everything we do. We work closely with them to deliver tailored solutions and long-term value.

## Safety

We prioritize the health, safety, and well-being of our employees, clients, and communities by maintaining the highest HSE standards.

## Teamwork

We foster collaboration, respect, and knowledge sharing to achieve common goals and deliver successful projects.
